

UNIVERSITY OF
BRIDGEPORT

GRADUATE PROGRAMS

BE BOLD. UNIVERSITY OF BRIDGEPORT BOLD.

Imagine collaborating with faculty at the forefront of their fields. Imagine working with entrepreneurs and start-up experts to bring an idea to fruition in one of Connecticut's most comprehensive innovation centers. Imagine elevating your interest and passion into graduate and professional programs designed to propel your career and transform your future. You will connect your passion, imagination, and ambition at the University of Bridgeport—named one of *Money* magazine's "Best Colleges" in 2019.

As a university nationally recognized for the high quality of our graduate programs, the University of Bridgeport is dedicated to cultivating global leaders and influencers

for the careers of tomorrow. Within the University's three colleges—the College of Arts and Sciences, the College of Health Sciences, and the College of Engineering, Business, and Education—every graduate student will develop the skills and expertise to realize their potential and achieve their personal and professional goals.

We are an inclusive community that celebrates the diversity of our students and faculty who choose to come to the University of Bridgeport from across the country and around the world. The rich campus life abounds with opportunities to engage in research, professional organizations, and community service. In addition, the University's proximity and easy access to New York City and Boston vastly expands the possibilities for networking, making connections, and enjoying cultural activities.

Graduate students at the University of Bridgeport imagine a brighter future and blaze their own unique trails to success. **Be Bold. Be University of Bridgeport Bold.**

Laura Skandera Trombley, Ph.D., President

Consisting of three exceptional Colleges, UB offers a streamlined academic structure which enhances the student experience and ensures that the best resources are available to our students.

Choose a Bold Path to Success

The University of Bridgeport has a long and distinguished tradition of offering our students the highest quality education at an unparalleled value. Our outstanding graduate programs are designed to ensure you will become a standout in your chosen field. Learning from our dedicated, accomplished faculty, you will gain the knowledge and leadership skills needed to advance in your career. At UB, you will develop your expertise and make beneficial connections that will give you a significant professional advantage.

Our extraordinary leadership is implementing a bold vision for the future of UB that includes new strategic initiatives such as The Bridgeport Plan—which offers students extensive resources and support—to promote university-wide growth and progress. We provide you with every opportunity to realize your potential, achieve your goals, and enjoy every step of the journey.

COLLEGE OF ENGINEERING, BUSINESS, AND EDUCATION

Offering an array of distinguished academic programs, the College of Engineering, Business, and Education will prepare you for a rewarding and impactful professional career. Our renowned faculty emphasize both fundamental and emerging disciplines, advancing your knowledge of theory, enabling you to apply new approaches to industry challenges, and encouraging you to create groundbreaking solutions. You will receive unparalleled opportunities to engage in cutting-edge research, make valuable industry connections, and develop strong leadership skills.

Facility Highlights

NEW BAUER INNOVATION CENTER

This state-of-the-art facility offers a maker space, lab areas, “brainstorming booths,” and more

ADVANCED ENGINEERING LABS

Fully outfitted research centers and laboratories contain cutting-edge equipment

HIGH-TECH BUSINESS CENTER

Renovated Ernest C. Trefz School of Business features state-of-the-art SMART classrooms and computer labs

Opportunities to Innovate

Our students are immersed in pioneering research, competing in academic conferences, and making a difference. A sampling of their hard work includes:

- Developing robots with thinking capabilities for use in emergency-response situations
- Winning first place at the UB Hackathon intercollegiate competition by creating a plan to reduce food waste
- Designing a high-altitude balloon to obtain information on the stratosphere in connection with NASA

COLLEGE OF ARTS AND SCIENCES

With advanced academic programs in arts and sciences disciplines, as well as public and international affairs, the College of Arts and Sciences at the University of Bridgeport helps you develop the expertise to achieve your career goals. Our renowned and dynamic faculty ensure that you gain integrated knowledge that is highly relevant in our rapidly evolving professional landscape. Pursue your passions and develop a mastery of your chosen field that will prepare you for the highest level of professional success.

Impressive On-Campus Facilities

CREATIVE GALLERY SPACE

Remodeled Arnold Bernhard Arts and Humanities Center showcases work by design students and visiting artists

ADVANCED LABORATORIES

Well-equipped research centers and labs offer collaborative space for pioneering developments

MODERN STUDY RESOURCES

Recently updated Magnus Wahlstrom Library offers ideal spaces for study and collaboration, and access to millions of articles, books, and videos

Opportunities to Innovate

Our students are immersed in pioneering research, competing in academic conferences, and making a difference. A sampling of their hard work includes:

- Exploring changes in cellular proteins during space flight for the International Space Station
- Winning the coveted poster competition at the Annual United National Conference for four consecutive years
- Completing extensive internships abroad for a comprehensive global education

COLLEGE OF HEALTH SCIENCES

Composed of seven highly acclaimed and accredited schools and institutes, the College of Health Sciences at the University of Bridgeport offers a unique and integrated body of programs designed to educate future healthcare leaders. Employing a multidisciplinary approach that demonstrates the complementary nature of various modalities, our extraordinary faculty will provide you with a firm grounding in evidence-based, patient-centered care. You will develop expertise in your field that will make you a highly qualified healthcare professional, prepared for successful practice.

Facility Highlights

EXPANSION OF HEALTH SCIENCE FACILITIES

24,000 square feet of laboratories, a radiology library, and more have been renovated to provide the latest technology and resources

NURSING SKILLS AND SIMULATION CENTER

An ultra-modern facility featuring all of the necessary resources for the hands-on practice of nursing techniques

UB CLINICS

Several on-campus clinics offer students the opportunity to provide medical and wellness care for the public, applying new skills under supervision

Opportunities to Innovate

Our students are immersed in pioneering research, gaining hands-on experience, and making a difference. A sampling of their hard work includes:

- Exploring whether students with chronic diseases have sufficient information to make smart dietary choices
- Visiting patient centers or area treatment facilities, including Daughters of Charity Preschool, Horizons Recovery Network Program Substance Abuse Center, and St. Vincent's Special Needs Services during dental hygiene rotations
- Collaborating with UB robotics engineers to maximize the performance of simulated nursing education tools

Take Advantage of Our Amazing Location

New England is a charming and beautiful place to live and learn. Throughout our area of Connecticut, you will find gorgeous coastlines, historic attractions, and unique entertainment venues. Plus, our proximity to New York City and Boston provides you with an unparalleled selection of opportunities—for making professional inroads, as well as pure enjoyment.

Graduate Assistantships and Internships

On-campus assistantships are available in many departments for qualified students. Our Center for Career Development connects interested graduate students with outstanding local internships.

Start planning some outings around Bridgeport:

- Live Nation Amphitheater (coming soon!)
- Greater Bridgeport Symphony
- Bridgeport beaches
- The Barnum Museum

It's easy to take a train into New York City and take advantage of all the Big Apple has to offer:

- Broadway shows
- Metropolitan Museum of Art
- Yankees baseball games
- Radio City Music Hall
- Statue of Liberty

Blaze a Trail to Your Ideal Career

At UB, all of our graduate programs are designed to help you achieve the next level of success. We expand your professional possibilities through involvement in research, exceptional professional connections, and the very best resources available.

Innovation Center

UB's state-of-the-art Innovation Center is an 8,600-square-foot space that evokes inspiration and interaction among entrepreneurs and creators of all kinds. Utilize an array of valuable resources such as an International Trade Center and the Professional Service Office. Collaborate with fellow students and local business people as you receive expert guidance from professional designers, attorneys, engineers, financial managers, and others.

Center for Career Development

Our staff places an emphasis on expanding your network and strengthening your resume. The preparation we provide helps you stand out from the crowd and gain access to a wide range of desirable organizations. We offer:

- Career fairs
- On-campus events with representation from a multitude of companies
- One-on-one meetings with career counselors
- Job search links
- And much more

Stellar Research Opportunities

Exciting, pioneering research takes place every day at the University of Bridgeport, providing you with the chance to become engaged in a potentially groundbreaking study. Some current projects in which our graduate students are involved include:

- Social justice in the classroom
- Green and renewable engineering
- Robotics, automation, and artificial intelligence

Impressive Outcomes

Students at UB have performed internships and obtained full-time jobs at companies such as:

amazon.com

PRICEWATERHOUSECOOPERS 

IBM

JPMorganChase 

bloomingdales

Rolls-Royce

ESPN

Merrill Lynch

citibank

Microsoft

UBS

Johnson & Johnson

Abercrombie
& Fitch
